

Looking ahead 20 years, what changes or improvements would you like to see in your community's transportation system?

1. What are the most important priorities or goals for transportation in your community (e.g., safety, accessibility, sustainability, economic growth)?
2. Are there specific types of infrastructure, such as roads, sidewalks, bike paths, or transit, that you think need attention or improvement?
3. Do you have any other ideas or concerns about transportation in your community?
