

Welcome! Yak'ei haat yigoodée!

November 2025 | State Project No. SFHWY00533 | Federal Project No. 000330

Project Area

Project Overview

The Alaska Department of Transportation and Public Facilities (DOT&PF) is updating the Southeast Alaska Transportation Plan (SEATP), a 20-year multimodal area transportation plan that will guide future public investments in transportation infrastructure in the Southeast Alaska region. This update effort is an opportunity for you to help inform the plan!

Goals Include:

- Assess the existing transportation system
- Align with the Alaska Marine Highway System (AMHS) Long-Range Plan
- Identify and evaluate existing transportation facilities, issues, and needs
- Guide development and maintenance of all modes
- Incorporate public input to reflect community needs
- Prioritize projects for future funding opportunities

We Need Your Help!

Do you have transportation needs or ideas that you would like to see accomplished in your area over the next 20 years?

Help support the development of the SEATP and scan the QR Code to share your needs and ideas!
